

Inclusion for Gifted and Talented Students

What does this look like from ages 5 to 18?

Workshops are invited on the following topics:

- Standards and progress
- Effective provision in the mainstream classroom
- Identification
- Assessment
- Transfer and transition
- Curriculum differentiation
- Monitoring and evaluation
- Pastoral support
- Staff development
- G&T resources and impact on learning
- Parent and community partnerships
- Learning beyond the classroom

Additional topics can be added.

This JAWs is relevant to all colleagues who are currently leading the provision and development of G&T within their school.

This Job Alike Workshop is an opportunity for you to network with other FOBISIA members, to share good practice and co-construct new knowledge. All participants will be actively involved in the planning of the agenda and will be provided with opportunities to contribute. All sessions will be led and facilitated by the participants.

We want to make the sessions as practical and as useful as possible, therefore, we have planned in a number of sessions where the sharing of ideas and resources can take place. Other sessions on the agenda will be completed following input from the registered participants.
